Wed., June 8	Prize Day (Dr. C. T. Bissell)

ROUND AND ABOUT THE SCHOOL

Bob Laidlaw was heard to remark in the Common Room recently that it was worth putting up with the winters (even the last one!) to experience Spring at St. Andrew's. Most will agree — but winter was an "unconscionably" long time a-dying — and Spring producing evidence of its perennial existence. **HOCKEY** teams had a good season. The Firsts won most of their exhibition games and lost two in the L.B.F. — one each to U.C.C. and Ridley. The Thirds too won most of their exhibition games and were top scorers in the L.B.F. Macdonald House (Under Fifteens — Coach Ives) won all their games. The **SKATING PARTY** was a great success. **SKIERS** had an excellent season — regular expeditions to hills (and tows!) and many participants. **BASKETBALL** had an off season, though the Juniors and Juveniles showed good prospects in their number of wins. **Old Boys** beat the School Firsts — score 65-47. The **GYM Team** had a good year. Worth mentioning is the number of Up-and-comings that have been working out regularly. The **UPPER SCHOOL PLAY** ("The Caine Mutiny") was well up to the best tradition of Andrean dramatics. The **PENGUIN CLUB** wound up an active year with **Tony Fell** ('59) discussing stocks and securities. **CRICKETERS** have been able to work out on a rather soggy pitch only a few times before May first — otherwise they were confined to practising in the gym. **TRACK and FIELD** is in full swing. The new track is a great boon to all concerned. Several weeks ago a relay team placed second (losing by a split second) in an invitation meet at Hamilton. **TENNIS** instruction and tournaments have been longest under way. The **CADET CORPS** paraded to church in Aurora (May first) and looked better than ever. Inspection is in the immediate offing — Cadet Dance the same night — and a

ROUND AND ABOUT (Continued)

holiday weekend to follow. **THE RIFLE TEAM** averaged 95% in the D.C.R.A. competition. **MACDONALD HOUSE NIGHT**, with its traditional eclat will be over when you get this. **Jack Wright** and his men carry on! The **LOWER SCHOOL PLAY**, "The Bishop Misbehaves" promises to be up to **Ken Ives'** usual high standard with the Housemaster again the ubiquitous stage-assistant! The **DEBATING TEAM** won most of their encounters, under **Hugh Warburton's** guidance. The **Philosophy Group** and the **Cercle Francais** have been meeting regularly. The **TREBLES** excelled themselves at the Kiwanis Festival, winning the unreserved highest commendation of the adjudicator. They won all classes they entered. **John Bradley** has done and is doing outstanding work here. The **GLEE CLUB** won the unstinted approval of the School at **VARIETY NIGHT** where much other talent also proved its worth on stage. The **CAMERA CLUB** has been very active and the dark-room well-used. A photographic competition and exhibition revealed some fine work. **EXPEDITIONS OFF CAMPUS** have been undertaken. Upper Sixthers went to see the film, "Murder in the Cathedral" and Agatha Christie's, "The Unexpected Guest", played at the Crest Theatre. The **Science Club** has made visits to the plant of the British American Oil Company and to the chemistry labs at the U. of T. Several Masters are leaving this year. **Al Ramsay** is retiring and is hoping to take up residence in Aurora. **Bill Garstang** has joined the faculty of McGill University in the Classics Department. **Ben Whitney** is joining the staff at Lakefield and **Keith Bonnyman** is going to U.C.C. **Bob Laidlaw** is retiring but will continue to live at the School. **John Del Grande** has been recently elected 1960-1 President of the Maths and Physics section of the Ontario Educational Association. (In passing — The School placed thirtieth in a province-wide maths competition involving well over two hundred schools. The **LIDLAW TROPHY** presented by the Old Boys to honor Bob Laidlaw's devoted service to the school (1909-60) is to be won by the boy who, in his Lower Sixth and Upper Sixth years taken together, has won most points for his Clan. This Clan Competition covers every part of school life. **A NEW TROPHY CASE** has been presented to the School by The Ladies' Guild. Not only does it fill a need but it is also an attractive addition to Dunlop Hall. It has been installed directly opposite to the eastern front door of Dunlop Hall — where the glassed partition used to be. **Mrs. Winnett** died this spring. Many of you will remember her many kindnesses to the School as a whole and to innumerable Andreans individually. Nice to see **Harry Davis** about — doing a job on the equipment in the Cricket Shop. The **Headmaster** should have some interesting news of Andreans in Venezuela, Peru, Colombia, Mexico, the Bahamas and Jamaica, having just completed a flying good-will tour of these countries. Things are humming "round and about the School" and the year is nearly over — less than six weeks to Prize Day. "A tout a l'heure" as Monsieur Macfarlane would say! (How's your French?) Make it sooner — the School would like to see you!

NOTES

- * **Glen Needham** (Maths '56-'59) is now Acting Chief Superintendent of Schools for the Mackenzie District.
- '07 **Edward Evans** has retired but continues to teach Maths part-time at Acton High School, Acton, Ont.
- '08 **L. G. Mills** has retired as Chairman and Director of Mills, Spence & Co. Ltd. and as a Director of Milner, Spence & Co. Ltd., Toronto.
- '10 **Bob Hastey**, Ponte Vedra Beach, Florida, writes a newsy letter of island - hopping in the Caribbean and that he expects to be in England in August.

NOTES (continued)

- '23 In a national magazine recently there was published a photograph of the 1924 Olympic Championship Hockey Team which included **Jack Cameron** and the late **Harry Watson ('16)**. The latter was described by a fellow player as being "the greatest player Canada ever sent to the Olympics!"
- '24 **Bill Murchison** writes from Bueno Aires that he is hoping to visit Canada in '60 or early '61.
- '26 **Professor J. M. S. Careless**, Toronto, has recently published "Brown of the Globe", a biography of George Brown.
- '28 **Gordon Rolph** has been elected President of the Packaging Association of Canada.
- '30 **Allan DonCarlos** is with the Ontario Hydro in Sarnia.
- '32 **C. C. Bimel** is Manager, Supply & Transportation for Esso Standard Oil S.A., Coral Gables, Florida.
